

Fas

POWERLIFT

MAIN FEATURES

Enlarged capacity

Delivery bin and delivery door with enlarged dimensions to ensure the withdrawal of bulky products compared to the normal standard

Lift with high loading capacity

Lift is able to exceptionally vend bulky and heavy products (up to 5kg)

Withdrawal of product by using only one hand

Delivery door is automatic and time delayed to allow the withdrawal of the product by using only one hand

Intelligent lighting

Power LED at high efficiency with programmable energy saving function; delivery bin illuminated intermittently when product is delivered

Double Glazed glass with high efficiency

Laminated glass with security and low emission to avoid fogging and condensation

Typical Configurations available

Up to 3 different zone temperatures (Snack/Drink/Food); Lateral air flow to avoid build up condensation (patented)

CO2 Cooling unit monobloc

Refrigeration unit charged with CO2 (GWP=1) with inverter board to control to speed; Fast extraction due to the Slide in - Slide out system (patented)

Efficiency energy rating

Fas POWER LIFT

TECHNICAL FEATURES

Dimensions and finishing

Number of trays standard/maximum	6/7
Number of selections	Up to 70
Height - Width - Depth	1830 - 1060 - 790 mm
Footprint with door open	1810mm
Weight	360 Kg
Lift capacity	Up to 5 Kg
Aesthetic finishing	Anodized grey and black

Electrical data

Power supply	230/50-60 V/Hz
Rated power	450 W
Minimal internal temperature	3°C with health control

Amenities

Protocols	Executive/MDB
Digital Display Trays	Yes
Anti-theft bars	Optional
Easy Click system	Yes
Photocells product delivery	Yes
Pre-cooling compartment	Yes
Wi-Fi and bluetooth LE native	No
Fas Cloud +	No
